Unleash the Magic

How To Assign Tasks To Your Student

1

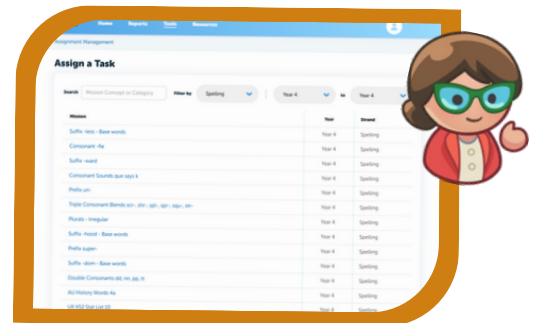

Go to Assign a Task

Click on "Assign a Task" on your dashboard.*

2

Select a Task

Select the task that you want to assign to your student in Student Mode.

3

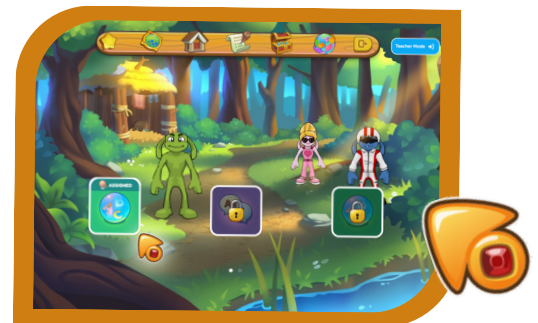

Assign a Task

Once you've selected your task, you can assign the task to your student in Student Mode, as well as to other students in your class at the same time!

4

Go to Student Mode

Once in Student Mode, you will see the task assigned to your student. Well done!
You are ready to complete the task!

*Assign a Task is located under "Tools" on your dashboard.

Customise Your Persona

How To Change Your Student Details

1

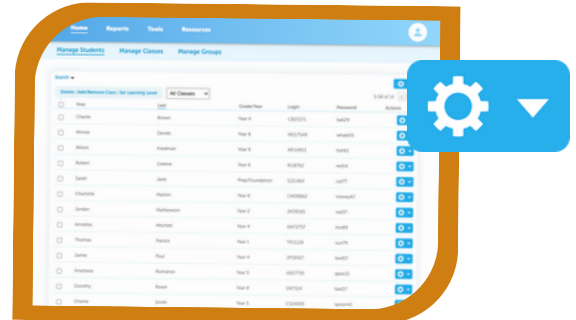

Set Up Your Class

Click on "Set up your class" on your teacher dashboard.

2

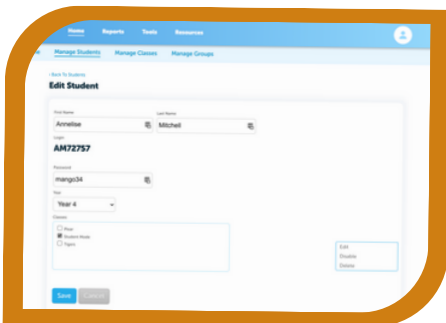

Manage Students

Click on the settings cog to edit your student's details. You can change your student's name, Learning Level and Class.

3

Save New Details

Once you've changed your student's details, click on Save.

4

Go to Student Mode

Once you return to Student Mode, your student's details will be updated automatically. Enjoy!

Adventure Awaits!

You Will Love It
